Sir:

In the Substitute Specification submitted with the Amendment filed on November 27, 2007, inventors Surjit S. Chadha and Behnam Moradi were inadvertently omitted from the cover sheet. The Combined Declaration and Power of Attorney submitted with the as-filed application on January 21, 2000 correctly identifies the inventors. Thus, under 37 C.F.R. 1.63, David A. Cathey, Surjit S. Chadha and Behnam Moradi are presumed to be the inventors regardless of the error in the

error in the previously filed Substitute Specification.

Should the Examiner determine that additional issues remain which might be resolved by a telephone conference, the Examiner is respectfully invited to contact Applicants' undersigned attorney.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Tracey Harrach". The signature is fluid and cursive, with the first name "Tracey" written in a larger, more prominent script than the last name "Harrach".
